Investing in education

Strong schools build strong communities. They are our best chance to compete and thrive in an ever-changing world.

Supporting small business

We need to save our small businesses in this crisis, we need people on the ground, with experience in small business, calling the shots.

Cutting the red tape

Streamlining government to make our systems more flexible, responsive, and fair. Provide a strong safety net without paperwork and delay.

Sustainable economy

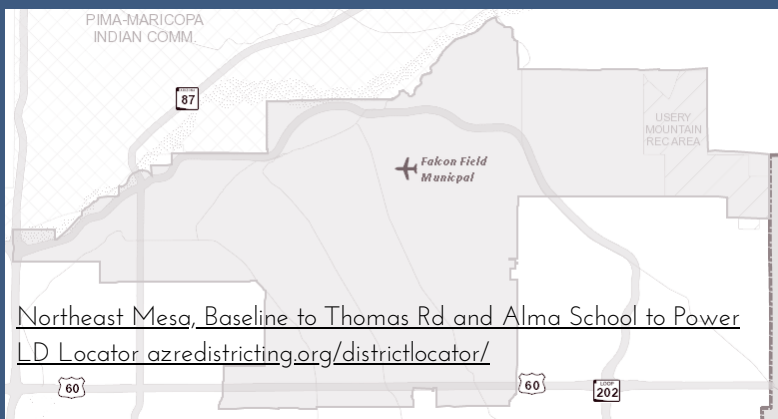

We can tackle climate change and grow our economy at the same time. Supports solar and clean energy expansion and water protection.

“ I believe in servant leadership.
I believe you are the customer.

I want to impress you with just how well serving the people can be done.

We've settled for too long. We've forgotten to demand more.

Politics is no longer optional.
Who represents us is a life and death decision.
